

The Marist Primary School		Knowledge Organiser							
Year 4: Summer		Key Question: Where does our food come from?							
Lesson 1 How can our food choices impact the environment?		Lesson 2 What does it mean to trade responsibly?		Lesson 3 How do we get our chocolate?	Lesson 4 Where does our food come from?	Lesson 5 Are our school dinners locally sourced?	Lesson 6 Is it better to buy local or imported food?		
 air freight	Products carried by aeroplanes.	 trade	The buying and selling of goods and services.		  responsible trade	A process to ensure workers have a voice, can get the best deal for their product and work in safe conditions..		 produce	Food which is grown on a farm to be sold.
 consume	To buy or use or eat.	 cooperative	A group of people working together to share ideas and income.						
 food bank	A place that provides food for people who may need some extra help.	 export	An item sold from the country of production to another country.						
 import	An item brought in from a different country.	 food miles	The distance food has travelled to reach you.		Map of biomes  Different foods require different conditions, such as temperature, rainfall, type of soil and amount of sunlight. Therefore, each biome's unique conditions mean that only certain foods can grow there.
